About This Game

Use your intuition to guide Cubey through futuristic architecture and hand-crafted structure, while constantly improving your ability to progress through the enticing world of Boxed Out.

Like an alluring painting, each player's perception of the game reflects a projection of oneself onto the narrative while also breathing life into an inanimate object.

Part of the fun is for you to figure out how to navigate through this ever-changing, polychromatic maze. It is a puzzle after all.

So next time you are on the brink of being bored, say, at an airport daydreaming about single-handedly saving the world, or at a dental office searching for a distraction. But don't settle: Bored? Just Boxed Out!
